

# INSTA-MOULD

Made on-the spot, in your office or clinic, in only minutes!

## MADE ON-THE-SPOT!

- Go home with you finished custom earplug or earmold the very same day.
- Immediate delivery with no waiting period.
- Make custom permanent or loaner earmolds for immediate, effective use acoustic feedback, even with high gain instruments.

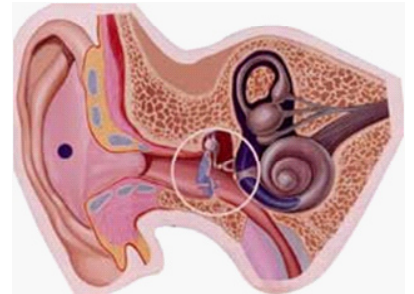

HYPO-ALLERGENIC NON-TOXIC • NON-SHRINKABLE • PROVEN PROTECTION

## RAINBOW OF COLORS

- Electric Blue
- Strawberry Red
- Lemon Yellow
- Radiant Purple
- Emerald Green
- Hot Pink
- Fluorescent Orange

## SKIN TONES:

- Beige
- Brown

## TISSUE TO TISSUE FIT

- With the Insta-Mold instant process the client's ear is used as the actual mold. Every crevice and contour of the ear is duplicated to the finest detail.
- The best possible seal against water, noise, and acoustic feedback.  
Insta-Savings
- Save time and money with the Insta-Mold Process.
- All earmolds and earplugs are made on-the-spot, in only a few minutes which allows for minimum down time of employees.
- No 1-2 week waiting period and no return visits are necessary.
- Insta-Mold custom earplugs and earmolds can be made at a fraction of the cost of laboratory molds. Superior Durability
- All Insta-Mold instant silicones are formulated with special organo-siloxane treated, reinforcing fillers. The net result is superior durability, tear strength, and tensile strength.
- These same chemical groups impart an unmatched level of water repellency or hydrophobicity for greater water protection.
